Hello and thank you for taking the time to read my brief email.

I am in FULL SUPPORT to an animal advocate in the court room. I have heard way to many times of people abusing animals and getting away with brutal, uncalled for acts of cruelty. Animals need to be heard, PERIOD. The animal can't speak for itself, but I can speak for the animals. I have lived with animals all my life and love them like my family. Please show regard to the animals that can't speak for themselves!

Thank You;
